Article 1 — Parties and subject

1.1 [Party A: name, registered office, tax code/VAT number] (the "Client") commissions [Party B: name, registered office, tax code/VAT number] (the "Developer") to produce the software described in the attached specification (the "Software"): [description].

1.2 The Developer works with its own organisation and at its own risk (Articles 1655 and following, or 2222 and following, of the Civil Code, according to its structure).

1.3 Changes to the specification are agreed in writing, with their effect on price and time.

Article 2 — Timing and delivery

2.1 The Software is delivered by [date], with source code, installation instructions and user documentation.

2.2 Delays caused by the Client or by causes not attributable to the Developer move the delivery date by an equal period.

Article 3 — Price and payment

3.1 The price is EUR [amount] plus VAT: 50 % on signature, 50 % on delivery.

3.2 Invoices are payable within 30 days; late payment bears interest under Legislative Decree 231/2002.

Article 4 — Rights in the Software

4.1 The Developer keeps the rights in the Software and grants the Client, on full payment, a perpetual, non-exclusive licence, transferable with the business, with the right to modify it for its own purposes (Law 633/1941).

4.2 Pre-existing components and third-party libraries remain their owners' and are used under their licences, listed in the delivered documentation.

4.3 The Developer warrants that the Software, as far as it wrote it, does not infringe third-party rights.

Article 5 — Warranty

5.1 For 12 months from acceptance the Developer corrects free of charge the defects that make the Software non-compliant with the specification, if notified in writing with the description needed to reproduce them.

5.2 The warranty does not cover defects caused by changes made by the Client or third parties, by use other than as documented, or by environments not listed in the specification.

Article 6 — Liability

6.1 Except for wilful misconduct or gross negligence (Article 1229 of the Civil Code), the Developer's total liability is limited to the price paid and excludes loss of profit.

Article 7 — Confidentiality and personal data

7.1 Each party keeps confidential the other's information learned for the agreement.

7.2 Where the Developer processes personal data on the Client's behalf, the parties sign an agreement under Article 28 of Regulation (EU) 2016/679 (GDPR).

Article 8 — Termination

8.1 If a party fails to perform an essential obligation and does not remedy it within 15 days of a written notice, the other may terminate the agreement (Article 1454 of the Civil Code).

Article 9 — Governing law and jurisdiction

9.1 This agreement is governed by Italian law.

9.2 The courts of [competent court] have exclusive jurisdiction over any dispute concerning this agreement.

Article 10 — Final provisions

10.1 This agreement contains the whole agreement of the parties on its subject and supersedes any earlier understanding.

10.2 Any amendment must be in writing, failing which it is void.

10.3 If a clause is invalid, the others remain in force and the parties replace it with a valid clause whose effect is as close as possible.
