Article 1 — What data could be affected

1.1 Only the emails received at the contact address and, for customers, the contract and billing documents. The website itself stores no personal data.

Article 2 — What the owner does

2.1
- Contains the breach: changes credentials, revokes access, isolates the affected copy.
- Assesses the risk to the people concerned and records the facts, the effects and the measures taken (GDPR, art. 33(5)), whatever the outcome.
- Notifies the Garante per la protezione dei dati personali within 72 hours of becoming aware of it, unless the breach is unlikely to result in a risk to people (GDPR, art. 33).
- Informs the people concerned without undue delay when the risk is high, in plain language, with what happened and what they can do (GDPR, art. 34).

Article 3 — How to report a suspected breach

3.1 Write to Info.and.News.S.T.A.R@proton.me with the subject "Data breach", or use the vulnerability report form.
